MENU

Benvenuto!!

La Pizzeria at the Bridge & Beacon Bar is an authentic Italian Restaurant under the guidance of Italian Chef Francesco Romano.

Chef Francesco brings the Romano Family culture to Singapore from the restaurant's kitchen setup and layout to his authentic Grandmother recipes.

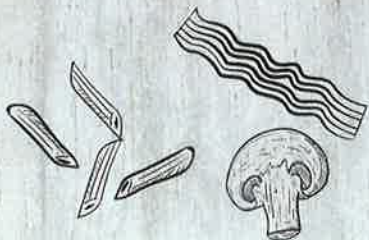

The story all started in 1925. With the warm breeze rolling in from the Gulf of Naples into their rustic kitchen in Lettere, Gennaro Romano and his wife Anna worked diligently with partial skim milk to create the "Caseificio Romano" - a cheese house.

The family-run cheese factory became well known within Italy for its handmade authentic buffalo Mozzarella and Fior di Latte and today Gennaro's grandson Francesco, continues the tradition from the creation, to the production, to the sales of Caseificio hand-crafted cheeses. Chef Francesco Romano is also a corporate Chef of an Italian restaurant chain in Italy and Thunder Road Group in Dubai.

Chef Francesco's passion and expertise are in each single dish of La Pizzeria at the Bridge & Beacon Bar, all made respecting the traditional recipes of his Grandmother and with the same passion, he trained all our resident Chefs to replicate the same recipes.

So come taste a piece of Italy right here in Singapore. Expect hearty homemade dishes and all the traditional Italian favourites. These family recipes have been handed down for generations.

Be our guest - you will feel right at home.
