ABOUT US

Welcome to our family-operated business!

A hub of community connection since 2006 we've witnessed a lot of changes over the years, from the days when a cup of coffee cost just \$2.50 and the GTV 9 family was a familiar presence.

Our regulars (who affectionately know us as "the Milkie" have seen this spot used as an extra studio for nine, having filmed local dramas, the footy show, a Current Affair and so much more.

But the highlight of our time here on Bendigo Street, has been the people we've met and the relationships we've formed.

As the neighbourhood continues to change, we remain dedicated to blending old and new in our offerings.

We're excited to share our latest menu, which features some of our in-house specialties.
