

Plan B! Wine Makers Dinner

Wed 18.3.2026 at 19.00

Welcome to the unique Wine Makers Dinner, where top-quality ingredients from the north meet the unique and internationally awarded wines of Western Australia. During the evening, you will enjoy a carefully designed multi-course menu, where each course is paired with Plan B Wines wines.

Plan B Wines is a winery in the Frankland River region of Western Australia, which began as a hobby for winemaker Terry Chellapah. Terry takes winemaking seriously – but by no means seriously. According to him, life and wines are made to be enjoyed, both with food and on its own, preferably in good company and with good music playing. This idea also gave rise to the name of the winery Plan B, which has made it onto James Halliday's Black Horse Top 10 list as an internationally respected producer.

At the Wine Makers Dinner, Terry himself will be there to tell the story and the wines.
