**We believe that the soul and heart of a burger is a perfectly juicy patty!** Our burger patties are made from Finnish Black Angus beef, which comes to us fresh from small producers.

Our Dry Aged meat is aged for at least 28 days in carefully controlled conditions, giving the meat a unique nutty and buttery flavor.

**Please note that we always cook the patties to medium by default.** We recommend eating the burger with your hands so that all the flavor components we've designed hit your mouth simultaneously.

# PIZZAS

Our pizza dough's secret is top-quality Italian high-protein whole wheat flour combined with a cold fermentation technique. Our pizza style is a mix of Napoli and Rome, resulting in a tasty, fluffy, and crispy pizza. *Bon appétit!*
