

Selamat datang!

To some, it's the taste of home — a Sunday family lunch at Ayam Penyet Ria in Jakarta. To others, it's the taste of adventure, first time trying Ayam Penyet on a business trip in Singapore. Same flavours, same memories of good times.

Celebrating flavours and 'handed-down' family traditions of Indonesian street food. Now, bringing the flavours from the streets of Indonesia to Australia. With no compromise on flavour and spice, staying true & authentic since 1998.

An aerial photograph of a lush green valley with terraced rice fields. The terraces are arranged in a winding pattern across the hillsides, surrounded by dense tropical forest. The lighting is soft, suggesting early morning or late afternoon. The overall scene is vibrant and scenic.
