## About Us

Happiness Seafood is the latest brainchild of Ben Soon, the managing director of Uncle Leong Signatures.

Growing up as a kid, he started out his career in his family-owned restaurant which led to him starting his own restaurant, Uncle Leong Signatures. The restaurant became a great hit with its delicious signature dishes and fresh seafood at affordable prices. Uncle Leong Signatures has won numerous awards and gained loyal followings in Asia, and it's now a household name in Singapore.

Drawing inspiration from Uncle Leong Signatures, Happiness Seafood will offer a delicious spread of innovative and distinctive dishes such as Signature HorFun, Mala Crab and Salted Egg Lotus Root.

Ben credit his success and the growth of this restaurant to his wife for inspiring and instilling an entrepreneur spirit in him.

Happiness Seafood prides itself on offering Singapore-fusion Chinese dishes in a family-oriented setting inspired by his family's love.

Happiness Seafood's philosophy is simple - to continuously innovate and deliver the best seafood cuisine dishes to diners in Singapore and around Asia.
