SUPER TUSCAN

“Super Tuscan” is a term used to describe red wines from Tuscany that may include non-indigenous grapes, particularly Merlot, Cabernet Sauvignon, and Syrah. The creation of super Tuscan wines resulted from the frustration winemakers had towards a slow bureaucracy in changing Italy’s wine law during the 1970s. Winemakers began mixing ‘unsanctioned’ wine varieties (like Merlot) into their blends to make high-quality wines. The legal system eventually yielded in 1992 with the creation of IGT, a new designation that gave winemakers the ability to be more creative.

The most famous super Tuscan wine was called “Tignanello” and was created by Antinori in 1971.
