The Edwin wine list celebrates the diversity of all things Victorian.

From region to person, to style, to gender to country. It is all about
focusing on the story of the people behind the wine,
who they are and how and why they do it.

Inside every glass of wine is the earth, the sun and the sky so we
focus on the wines with minimal intervention, and winemakers who
choose sustainability and organic practices at every turn.
It must be Victorian, and it has to be delicious.

Why? Because there is nowhere like Victoria in the world.

We hope you enjoy.
