

Omakase (おまかせ) translates as 'I'll leave it up to you'. It is essentially trusting the professional to decide something for you.

Ordering omakase in a restaurant means you are relinquishing control of your meal to your chef. We will provide you with a selection of curated dishes depending on seasonality and our professional judgment.

As the only Teppanyaki Omakase restaurant in Finland, of course, you will experience one of the dishes is teppanyaki.

We only provide Omakase service for dinner.
If you have special request, please make a reservation two days in advance.
