Our Story

In 2014, we opened our doors in Leicester with a vision to introduce a unique concept: a contemporary Indian gastropub offering bold, fresh flavors and an unmatched selection of drinks. The Woolpack Inn quickly gained acclaim for its authentic, homemade Indian dishes and a remarkable lineup of beers on tap and spirits sourced from around the world. This passion for food and drink helped shape The Woolpack into the city's go-to gastropub with an Indian twist.

Proudly under the same ownership for over a decade, The Woolpack Inn is deeply rooted in Leicester's vibrant food scene. We invite you to experience our latest menu—a celebration of the flavors and techniques that have always set us apart.

Blending modern flair with age-old Indian traditions, our kitchen combines authentic methods with inventive touches. Inspired by core grilling techniques, we use the tandoor, a blazing hot clay oven, and the tawa, a sizzling griddle, to craft dishes that are fragrant, flavorful, and immediately served for a fresh dining experience.

What began as a few homemade sizzlers at the bar quickly became a sensation, inspiring us to expand to a full menu. Today, we proudly present a diverse selection of innovative Indian dishes, each crafted with the same dedication that made The Woolpack Inn a local favorite.

We're also excited to now offer outdoor catering! Speak to us about your next event, and let us bring the flavors of The Woolpack to you.
