[VG]VEGAN [V]VEGETARIAN

Il our beef burgers are coked medium unless specifically requested otherwise. Burgers cooked medium rare carry a higher risk of food poisoning. Unlike a steak, a burger needs to be cooked through to reduce that risk. The Food Standards Agency recommends that children, pregnant women and anyone with a weaker immune system have their burgers well done. If you have any food allergies or intolerances, please let your server know before ordering. Whilst we make every effort to control cross-contamination, our ingredients are manufactured and our dishes are prepared in environments where allergens are present. We cannot therefore guarantee that any item on our menu is allergen-free. Please check the allergen information each time you visit our restaurant as we may update our recipes. Please ask your server for details. Please be aware that whilst the ingredients used within our vegetarian and vegan meals are suitable for these diets, the dishes are prepared and cooked in the same kitchen as the rest of the dishes on our menu and therefore we cannot guarantee that they do not contain traces of animal products. The ingredients within our dishes which are deep-fried will be cooked in the same fryers as other ingredients which may contain allergens and/or animal traces which means there may be a risk of cross-contamination. Brasa mayo is dairy free, contains egg and mustard, chicken contains gluten.
