About Us

Opened In 2013, The Roundhouse - BBQ + BEER has been the Home of Craft Beers in Hong Kong ever since. We feature an extended list of carefully selected Craft Beers from our neighbourhood breweries to Awards Winning breweries half the universe away. We change our beer list weekly if not more often, and through our networks, we bring you exclusive beers that you cannot taste anywhere else in Hong Kong. Our delegation to Craft Beer does not end there and we went on to become one of the Top 10 Beer Bars in Asia nominated by CNN in 2014.

Be sure to check out our two locations: The Roundhouse - BBQ + BEER on Peel Street, Soho - serving Authentic Texas Barbecue and The Roundhouse - Chicken + Beer on Amoy Street, Wanchai for Southern Style Fried chicken.

Our Chicken

We hand-batter every piece of our chicken... We drizzle our biscuits with sweet local honey straight out of the oven. We make everything in small batches all day long, so they're always hot and fresh
