ABOUT KYIV SOCIAL

Kyiv Social is a proud Plate it Forward venue.

We are a movement creating equal opportunity around the table. By dining at Kyiv Social YOU are creating real change by providing valuable employment and training opportunities for newly arrived Ukrainian humanitarian refugees.

By dining on the set menu YOU WILL FEED TWO PEOPLE - someone in Sydney and an orphan in Ukraine.

We believe food is the universal love language. Through your support, and belief in our team to showcase their talents, their culture and their food is at the centre of your dining experience.

The food is a combination of traditional Ukrainian generational recipes and modern twists on classic dishes from Kyiv.

You are part of social change and we thank you for Plating it Forward.

Credit card surcharge applies. No cash payments

ABOUT PLATE IT FORWARD

Every meal we serve is a step towards a more inclusive, compassionate world. We donate 3,000 meals a week, globally, thanks to our guests who dine with us and, in doing so, become part of the journey of transformative change.

To continue to support - dine at our restaurants, order our catering, participate in our Plate Up Together events, or book us for your next event - and you become part of a movement that transcends the culinary realm. Your involvement helps us demonstrate how every meal, every job, and every moment of connection can be a catalyst for positive change.

Thank you for being part of our story.

Let's continue to Plate It Forward.
