Our Story

In 2018, we felt the need to introduce a multi cuisine café to Singapore where we could promote vegetarianism for a globalised world. We are a warm, inviting café with a range of mouth-watering food and over 100 teas. We also aim to entice the coffee culture in Singapore into a tea appreciating one. Today, our café is filled with young and old, vegetarians and non - vegetarians, tea lovers and coffee lovers and, especially those who crave fresh and good food!

We consider ourselves the first vegetarian café to bring you a variety of different cuisines under one roof! We also take pride in our range of quality teas. Our premium teas include black teas, green teas, herbal teas (infusions), and flavoured teas (black or green tea plus other flavours).

June 2021 we turn 3! We've survived the first year, the stressful 2020, and we're now looking ahead! This would not have been possible without you, and so, thank you walking alongside with us!
