Si Mangia!
Let's Eat!

Italians cannot think of wine without having food with it! Enjoy a selection of classic "cicchetti" to nibble on or to share with friends. Whether you like just a snack or appetiser, a nice selection of cold cuts or cheeses or a full on meal, Vini Italiani is offering all you need to enjoy authentic flavours in true Italian style. To help you with trying and sharing, we thought it would be nice to also offer smaller portions on selected items. And yes, we do both veggie and vegan so that no one is left out.
