

篆新市场

Put into operation in 1998 with an area of 20 mu, Zhuanxi Farm Produce Market has been a place that Kunming residents most often frequent. The research and development team of Yunhaiyao has also come here investigating for several times. The Huajiao (seeds of Chinese prickly ash) Chicken of Tuanjie village of Kunming originates here.

1998年就投入使用的昆明篆新农贸市场, 占地面积20亩, 是20年来昆明人最常去的地方。云海肴的研发团队多次到这边考察, 昆明团结乡花椒鸡就是来自此地。

To make the meat of steam pot chicken more delicious and the cost performance more competitive, through a half year's study, we have come up with the idea of "Yi Guo Liang Chi", i.e., get the chicken soup ready; arrange the chicken meat on the bean sprouts, and then pour the gravy on them, thus obtaining a dish of fresh, scented, and hot Huajiao chicken.

为了让汽锅鸡的鸡肉更好吃, 这个产品的性价比更高, 我们经过半年多的研发, 终于推出——一锅两吃。先和鸡汤, 然后将鸡肉摆放在豆芽上, 浇汁, 得到1份, 鲜香麻辣的花椒鸡。

云南烧烤

Yunnan barbecue is of different styles and varieties; its unique seasoning is peerless. You will never know its wonder and beauty unless you have experienced it in person.

云南烧烤花样繁多，调味料更是一绝，只有亲身体验过一次，才能明白其中的美妙。

Yunnan barbecue is of different styles and varieties; its unique seasoning is peerless. You will never know its wonder and beauty unless you have experienced it in person.

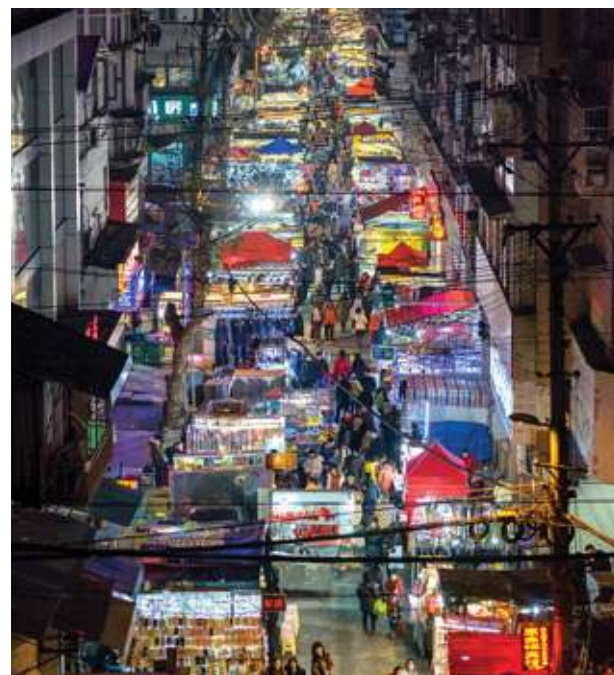

在云南，似乎每一种食材都能用来烤制，虫子能烤、菌菇能烤、猪脑能烤，各种蔬菜也都能用来做烧烤食材。而包烧、火烤、碳烤等等做法更是让烧烤变得有趣起来，等待也更加值得了。

Besides, Yunnan barbecue also seems to have different schools, such as Jianshui barbecue, Gejiu barbecue, barbecue with flavor of Dai nationality, and zhaotong meat skewers, to name just a few. Many a peddler would name their stand or booth after one of these names of barbecues.

云南的烧烤似乎也有派别之分，建水烧烤、个旧烧烤、傣味烧烤、昭通小肉串等等都拥有较高的名气，很多摊点都会冠以这个名称来摆个小摊。

The taste varies from stall to stall, but there is one thing in common: good taste. This is a added benefit for those who have difficulty in selection .

每家店的味道各不相同，但都有一个共同的特性：好吃。对有选择恐惧症的小伙伴来说真是一大福利。

云南米线

No, the rice noodles are indispensable for Yunnanese, even for a day
不行, 云南人不可一日无米线

Rice noodles and Yunnanese 米线X云南人

Xian Shitong is a member of Yunhaiyao's R&D team, a post-1990s from Mangshi, Yunnan province.

线世通是云海肴研发团队, 云南芒市人, 95后。

One day we asked him how much importance rice noodles were in his eyes.

有一日, 我们问他, 米线对你们来说, 有多重要?

Thinking it over, he said, "when I get up in the morning feeling hungry, my mother would let me eat a bowl of rice noodle; at noon when school is over, I would sit at the inn near the school gate, ordering a bowl of rice noodle; in the evening when my pal and I have ridden a motorcycle feeling hungry, I would also order a bowl of rice noodle before going to bed, heart contented."

他想了想, 早晨起来饿了, 妈妈会让他甩碗米线; 中午放学的时候, 学校门口小店一坐, 可以甩碗米线, 晚上跟小伙伴骑完摩托车, 饿了, 也可以用碗米线, 再去睡觉, 心满意足。

Having been in Beijing for so many years, what he loves most is still the rice noodle of his hometown, full of local flavor.

来北京这么多年, 心头之爱的还是那一口充满家乡味道的米线。

Mengzi is the capital of Hani and Yi Autonomous Prefecture of Honghe, Yunnan province. On the map, it is adjacent to Yuxi and Kunming to the north and Puer to the west.

蒙自是云南红河哈尼族彝族自治州的州府, 在地图上, 它北邻玉溪、昆明, 西洽普洱。

Gen Ling has been living here for 50 years. He said,

"If there is rice noodle, we wouldn't eat anything else. If not, a bowl of rice can also make do." He paused and then added, "No, it won't do without rice noodle."

耿琳在这里生活了50年。“我们有米线绝不会吃别的, 如果没有, 米饭也行吧。”他顿了下补充说, “不行, 我们不能没有米线。”

Rice noodles and Yunhaiyao 米线X云海肴

Rice noodles are the nostalgia of Yunnanese. Take Gen Ling for example. He is the director of Yunhaiyao Noodle Factory located at the suburbs of Kunming. The source of rice comes from the Honghe area. When every batch arrives, he and his workers would begin the following procedure: examine the proportion of the rice, and then soak it, crush it into powder, press it into shape, age it, and dry it over heat.

米线是云南人的乡愁。耿琳是云海肴米线工厂的厂长, 工厂位于昆明市郊。米源自红河, 每一批米运到后, 耿琳都要和工人进行如下的工作流程: 查看米的配比, 然后浸泡、粉碎、压制成形、老化及烘干等。

Up to now, Yunhaiyao has opened its sub-branches in more than ten cities, like Beijing, Shanghai and Guangzhou, with nearly 100 shops. The sales of cool rice noodle with fine chicken meat are over 700,000 bowls yearly. In order that what the rice noodle customers eat is of the same flavor and every bite is fresh, healthy and source traceable, this rice noodle factory has now had a steady production and supply through more than one year's efforts.

云海肴的门店现在在北上广深等10余个都市, 已开门店近100家。鸡丝凉米线, 一年的售卖量就超过了70万碗。为了大家吃到的米线是一样的口感, 而且每一口都是健康、新鲜、可溯源的。经过一年多的努力, 这家米线厂现在已经实现了稳定生产和供货。

In March 2017, we came to the rice noodle factory at Kunming to hold an exhibition titled "Artistic Exhibition in the Rice Noodle Factory". Yunhaiyao believes that when the food producers are happy, the customers will feel happy when they eat happy food.

2017年3月, 我们还来到昆明的米线工厂办了一个《米线工厂里的艺术展》, 云海肴相信, 让做食物的人变得快乐, 那么你吃到快乐的食物, 也会快乐。

Yunhaiyao is confident to make a good bowl of rice noodle. At the end of the art exhibition, several artists expressed their idea: In the past, they didn't dare to eat rice noodles; however, in their stay in the factory for a dozen of days, they saw how authentic rice noodles were made and would advocate for the rice noodle of Yunhaiyao and make it known to more people. In their eyes, a good rice noodle is defined as:

云海肴有信心定义一碗好的米线。在昆明的艺术展结束后, 好几比特艺术家都表示, 从前不敢吃米线, 但是在米线厂进进出出的十几天, 真的看到了好的米线是如何生产的, 他们愿意为云海肴的米线发声, 让更多人知道, 有一种好米线是这样的:

Good rice noodles are made of rice and water.

好米线只用米和水制成

Good rice noodles do not contain any additives or edible gelatin.

不含任何添加剂, 食用胶等

Goode rice factory must be self built and have a strict control over the quality of products.

自建工厂, 对产品出品进行严格把控
